Sounds good. Good luck to you all. I will try to look back through this tomorrow too and see if I can do more with a little more time than I could scrounge together

Katie,

Ex. 5 - Deliberative Process

Katie and Sara, we all have been pushing this initiative with very limited time while still covering everything else we have to do. I commend you both for your effort and your steadfastness in providing leadership and guidance to, not just our region, but to the agency.

Talk to you soon.

Sincerely,

Kevin I. Taylor

Environmental Engineer

Hi Kevin –

First, I didn't say earlier that I really appreciate you putting this together. If there was 4 more of me this is something I would have done already because it is really important. Unfortunately, I've been working as much as I can and I haven't had time. It is much easier for me to quickly

work from yours so thanks for your initiative and thought that you put in here.

Katie,

If you have any additional comments, go on and send them. I will hold on to the document until Sunday and just send it out from home. I know that this has been a very hectic and rushed week for all of us. For the questions in your response, please see the following:

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Again, sorry for my initial error with the attachment on an already short response time. Let me have any additional questions and comments by Sunday afternoon and I will try to get these out Sunday night or early Monday morning. Thanks again for the time and patience.

Sincerely,

Kevin I. Taylor

ATTORNEY-CLIENT PRIVILEGED

Also, as Kevin and I just discussed by phone, I recommend tweaking the title of the document to make sure this sounds more like a sharing our experience/some useful thoughts type document rather than a definitive list of questions.

Thanks!
